

Fall Term 2026 Timetable

〔From October 1 to December 1〕

Note: Conduct for Winter Term class on Nov. 27 (Fri.)

Note: Conduct for Monday class on Oct. 15 (Thu.)

Day	Period	Compulsory Elective	Elective			
			Molecular Chemistry and Engineering Course	Materials Chemistry and Engineering Course	Biological Chemistry and Engineering Course	Common
Mon	1				Biochem A (IV) Tanino (Sci)7-219	
	2					
	3	Molecular Materials Chemistry Isono (Eng)MC208				
	4	Supramolecular Chemistry Inokuma (Eng)MC213				
	5	Practical Computational Chemistry Taketsugu Online				
Tue	1				Appl Biochem (Biosynthetic and Metabolic Engineering) Ogasawara (Eng)MC208	
	2	Advanced Organic Synthesis Senboku (Eng)MC213			Appl Biochem (Analytical Biochemistry) Tani (Eng)MC204	
	3		Mol Chem (Advanced Physical Chemistry) Murakoshi Online	Appl Mater Chem (Inorganic Solid State Chemistry) Masubuchi (Eng)MC213		
	4	Laboratory Exercise in CSE II Supervisor (S·E)Lab				
	5	Laboratory Exercise in CSE III Supervisor (S·E)Lab				
Wed	1		Mol Chem (Structural and Physical Organic Chemistry) Suzuki Online			
	2		Appl Mol Chem A (Catalyst Design) Shimizu Online		Appl Biochem A (Microsystem Chemistry) Tokeshi (Eng)MC213	
	3			Mater Chem (Introduction to Material Science) Takahashi Online		
	4					Industrial Practice in Chemical Processes Hasegawa (Eng)B12
	5					
Thu	1				Appl Biochem (Biosystem Engineering)*1 Kikukawa (Eng)MC204	
	2	Advanced Organic Synthesis Senboku (Eng)MC214			Appl Biochem A (Microsystem Chemistry) Tokeshi (Eng)MC213	
	3			Appl Mater Chem (Applied Inorganic Materials Chemistry I) (Applied Inorganic Materials Chemistry II)*2 (Tadanaga) (Eng)MC215	Biochem A (II)*3 Motegi (Sci)7-219	
	4	Laboratory Exercise in CSE II Supervisor (S·E)Lab				
	5	Laboratory Exercise in CSE III Supervisor (S·E)Lab				
Fri	1	Intermediate Biological Chemistry Niwa (Sci)7-219		Appl Mater Chem (Applied Inorganic Materials Chemistry I) (Applied Inorganic Materials Chemistry II)*2 (Tadanaga) (Eng)MC215		
	2					
	3					Micro-Nanochemistry Ueno (Sci)7-219
	4		Mol Chem (Advanced Chemical Reaction Design and Discovery) Jin (Eng)MC213			
	5	Practical Computational Chemistry Taketsugu Online				

Period	1	2	3	4	5
Time	8:45 10:15	10:30 12:00	13:00 14:30	14:45 16:15	16:30 18:00

Note : Schedule of Intensive courses will be announced separately.

Note 1 : A part of "Appl Biochem (Biosystem Engineering)" is offered as intensive course. Details will be announced at a later date.

Note 2 : "Appl Mater Chem (Applied Inorganic Materials Chemistry I)" and "Appl Mater Chem (Applied Inorganic Materials Chemistry II)" will be held on an irregular schedule. Details will be announced at a later date.

Note 3 : "Biochem A (II)" from October 22 onward, classes will be held in the Multipurpose Hall, School of Medicine Centennial Hall.
